

1894 LARGE ROMAN SURCHARGES.

1. Alton 64 AUs, setting A1.

The principal varieties found in the sheet are as follows:-

A. Varieties of the English inscription.

5. inserted AS BS.
6. inserted BS.

B. Varieties of the Lianese inscription.

7. malformed I 12

8. 7 broken I 9

9. 2 broken I 13

on some sheets the character is also broken on stamp G 11.

With reference to these varieties in the Lianese surcharge lies in the fact that they occur in all the large Roman surcharges of 1894, and give absolute proof that the whole series was formed from the same stamp as they occur on the same stamps in the sheet in every case.
